Portfolio

Professional Summary

A passionate and self-driven Computer Science student with a strong foundation in web development and databases. Eager to apply technical skills in real-world projects, collaborate with diverse teams, and grow through hands-on experience in a dynamic and learning focused environment.

Skills

- JavaScript
- Frontend: React.js, HTML5, CSS3, Tailwind CSS, Material Tailwind
- Backend: Node.js, Express.js, REST APIs, Redux, MongoDB
- Version Control & Tools: Git, Postman, Figma, Canva

Education

Second Semester

Bachelor of Science in Information Technology (BSc.IT)

**Maitidevi,
Kathmandu**

- Lord Buddha Education Foundation (LBEF)

Projects

- **Link-Up –Full Stack Social Media Web App**
Link-Up is a full-stack social media application designed to allow users to interact through posts, stories, likes, and comments. I developed this platform using the MERN stack, integrating secure user authentication with Clerk Authentication and enabling image uploads via ImageKit.
- **MealZone-A collection of Meal Recipes**
MealZone is a simple web-based application which helps the users to find and make delicious meals by learning the recipes from the web page. I developed this platform using simple api:themealdb.
- **Music-Player**
Music-Player is a modern and responsive web-based music player built with HTML, CSS, and JavaScript. It allows users to play, pause, skip tracks, and enjoy their favorite songs through an elegant and interactive interface.
- **Task-Planner**
Task Planner is a simple and efficient To-Do application designed to help users organize their daily tasks effortlessly. It allows users to add, edit, and delete tasks, mark tasks as completed, and stay productive with a clean and intuitive interface.

Certifications

- **MERN Stack** (Mindriser Institute of Technology)
- **Google AI Essentials** (Coursera)
